OVERALL DIMENSIONS

To prevent removal or theft of the hose reels, it can be secured with a bolt or padlock (not supplied).

Supplied with
 - polyurethane hose
 - brass fitting
 - brass swivel joint
 - "Viton®" seals

Art. 89001

Series 260 hose reels are equipped with a **wall bracket with bayonet hooking**. The placing of several brackets in the service points allows the hose reels to be easily moved to the various workstations.
